

Pricelist producer/supplier

This pricelist refers to producers and suppliers of materials. BVB provides a database of health and environmental assessment and an effective tool for documentation and tracking of materials, products and their content. In order to get access to BVB's digital services, each user needs a **personal** account (Suppliers account or a Suppliers FULL account, which are specified below).

	SUPPLIER ACCOUNT	SUPPLIER FULL ACCOUNT
Account	0 SEK	1600-4000SEK/year*
Search in the database	No access	Yes, without limitation
Participate in projects	500 SEK/ project**	Yes, without limitation
Create a project***	No access	1000 SEK/ month/ project***
Apply for assessment	1350 SEK – 10 days 2400 SEK – 48 h	1350 SEK – 10 days 2400 SEK – 48 h
Apply for reassessment	1000 SEK – 10 days 2400 SEK – 48h	1000 SEK – 10 days 2400 SEK – 48h
Create self-assessment, social sustainability	0 SEK	0 SEK
Apply for assessment of the self-assessment, social sustainability	5000 SEK	5000 SEK

* The cost is determined by the number of full accounts that your organization already owns.

1 account	4000 SEK/ year
2-5 accounts	2400 SEK/ account/ year
6-20 accounts	2000 SEK/ account/ year
20+ accounts	1600 SEK/ account/ year

** When receiving an invitation to a project for the first time, the account needs to be upgraded by a BVB-admin to access the project tool. Please contact BVB: konto@byggvarubedomningen.se.

*** A project can have unlimited number of participants. Only the owner (creator) of the project will be charged 1000 SEK/ month for the project. Invoices for projects are sent out every third month, starting the month the project is created to the month it is deactivated in the system. The project can be deactivated and be re-activated again at a later stage.

BYGGVARUBEDÖMNINGEN™

Valid from 2018-02-01 and until further notice

Terms:

Each account is personal and the supplier must under no circumstances allow third parties to access the website by disclosing login details.

Invoices for Suppliers full account is based on the date the account was created in the system.
